

# **Worldwide Stocking Distributor**

---

of Industrial Gas Turbine Parts

---

## Reliably Delivering Quality Parts Worldwide

AP+M is one of the largest worldwide independent stocking distributors for industrial gas turbines supporting both heavy-duty and aeroderivative gas turbine parts. We aim to be an integral part of your operations – a reliable partner in quickly delivering genuine OEM parts to operators, end-users, depots and repair & maintenance providers around the world.

We support industrial gas turbine industries through an extensive inventory of more than 10,000 SKUs of turbine and balance of plant parts. To complement our large inventory, we also offer expert OEM-approved repair and overhaul services and technical support with competitive turnaround times.

### One-Stop Shop

We maintain a massive inventory to simplify sourcing and support our customers with one experienced, reliable provider for all their replacement part needs.

### Global Reliability

We stock genuine OEM parts from our global network of manufacturers and swiftly deliver your spare parts.

### High-Quality Parts

We are committed to adhering to the highest standards of quality to give our customers the utmost confidence that every part is genuine and top of the line.

### Cost-Effective Pricing

We understand the pressure faced by engine owners and operators to reduce operating costs. That's why we help our customers with competitive pricing.

### Dependable Support

We focus on being a trusted alliance to our customers and partners, devoting quality care in supporting all parts and servicing needs.

# The AP+M Parts Advantage

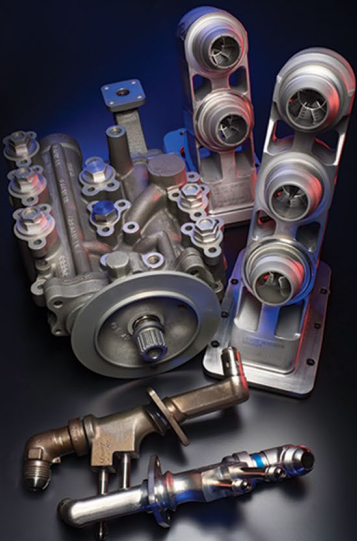

With Years of Expertise in Global Distribution and Parts Supply, We Deliver:

- Extensive inventory of genuine, new OEM consumables and hardware in stock
- Same day dispatch on most parts orders
- Competitive pricing structures
- Dedicated customer support managers
- Warranty of 18 months from delivery date or 12 months from installation
- Advance exchange units
- Original OEM approved repair and overhaul with competitive turn-around times

## OEM Alliances

### The Bond of Our Business

It is our mission to be an integral part of our customers' operations, achieved, in part, through our OEM alliances. AP+M is an exclusive distributor for multiple OEM components, and a part of a limited distribution network for a vast array of essential OEMs to the industrial gas turbine market. These strategic partnerships are what allow us to be the leading stocking distributor of genuine, high-quality gas turbine parts.

- Fuel Nozzles

- Inlet Fogging Macrospray Nozzles
- Fuel Nozzles
- Danfoss Water Pumps
- Lube Oil Scavenge Pumps

- Sensors
- Cables
- Harnesses

- Fuel Pumps
- Hydraulic Pumps

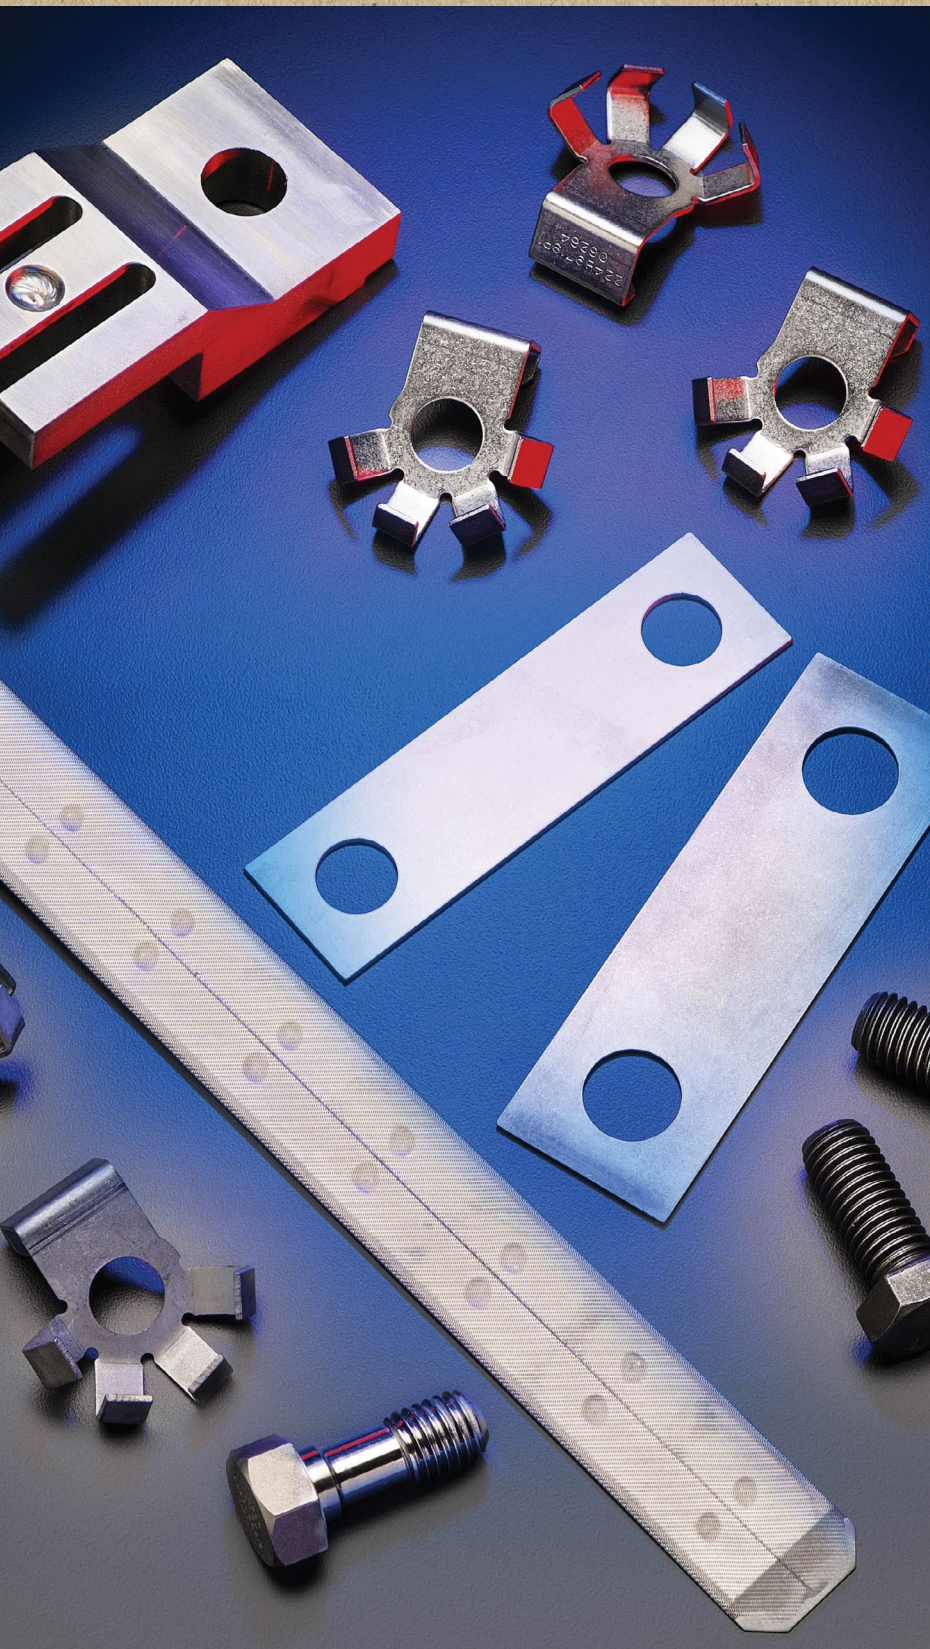

- Valves
- Flame Sensors

- Sensors
- Valves

# Heavy-Duty Gas Turbines

The Leading Source of Heavy-Duty Gas Turbine Parts + Support

AP+M is able to meet your need for heavy-duty gas turbine parts by combining our extensive in-stock GE and Siemens turbine parts inventory with fast access to reliable, global sourcing partners.

## AP+M Stocks a Large Selection of Heavy-Duty Parts:

- Fuel Nozzles
- Engine Accessories
- Sensors, Probes + Accelerometers
- Water Systems
- Balance of Plant Parts
- Control System
- Hydraulic Starters
- Consumables + Hardware
- Cables + Harnesses

## AP+M Supplies Parts for the Following Heavy-Duty Turbines:

- GE Frame 5
- GE Frame 6B
- GE Frame 7B
- GE Frame 7E
- GE Frame 7EA
- GE Frame 7FA
- GE Frame 7FA+e
- Siemens W501F

## OUTAGE IN A BOX®

Simplify your next planned outage with a fully-stocked consumables kit delivered directly to your site, and only pay for the parts used.

**All of our in-stock heavy-duty gas turbine parts are available for immediate delivery with capabilities to ship 24/7.**

# Aeroderivative

Your Reliable Source for Aeroderivative Parts + Support

AP+M stocks an expansive inventory of aeroderivative gas turbine parts for GE and Pratt & Whitney engines through our reliable partnerships around the world. This enables AP+M to meet your component needs on time—every time.

## AP+M Stocks a Large Selection of Aeroderivative Gas Turbine Parts:

- Fuel Nozzles
- Fuel Hydraulic + Lube Oil Scavenge Pumps
- Engine Accessories
- Sensors, Probes + Accelerometers
- Water Systems
- Balance of Plant Parts
- Control System
- Hydraulic Starters
- Consumables + Hardware
- Cables + Harnesses

## AP+M Supplies Parts for the Following Aeroderivative Gas Turbines:

- GE LM1600
- GE LM2500
- GE LM2500+
- GE LM2500+G4
- GE LM5000
- GE LM6000
- GE LMS100
- Pratt & Whitney GG4/FT4

**All of our in-stock aeroderivative gas turbine parts are available for immediate delivery with capabilities to ship parts 24 hours a day, 7 days a week, 365 days a year.**

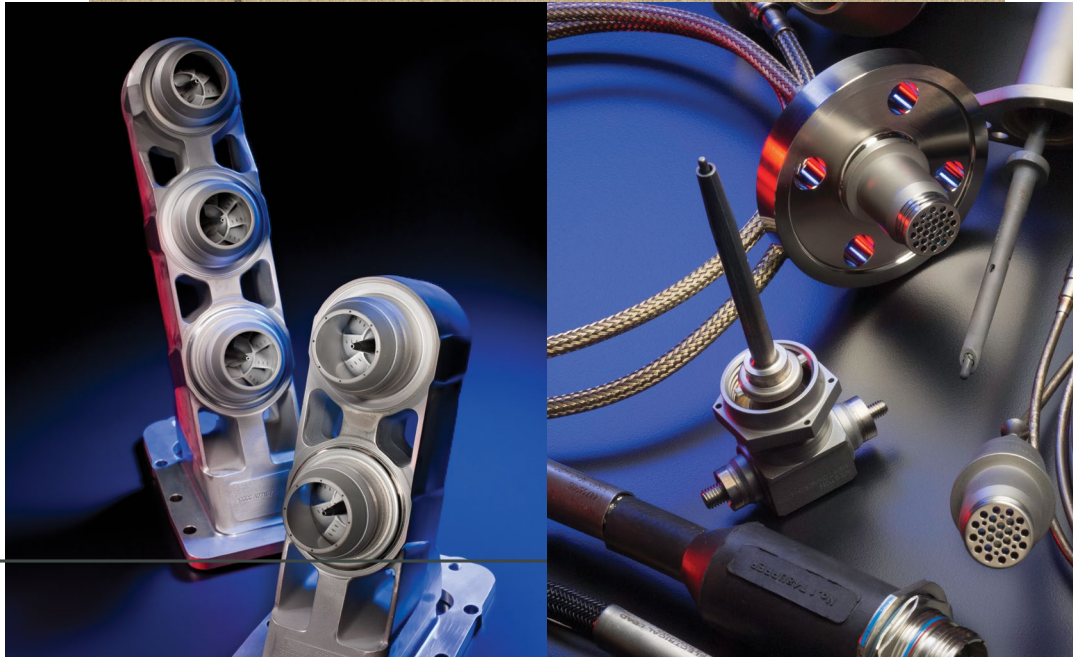

# Repair + Overhaul

Your Global Industrial Gas Turbine Support

We provide both in-house and outside repairs and overhauls as part of our extensive gas turbine support.

## AP+M Supports Repair + Overhaul Services for the Following Parts:

- Actuators
- Bleed Valves
- Starters
- Fuel Nozzles
- Cables/Harnesses
- VG (Variable Geometry) Pump
- Fuel Pump
- Fuel Control Valve
- Hydraulic Control Unit (HCU)
- Staging Valves
- Lube & Scavenge Pump
- Clutch
- VSV Controller
- Gas Valve
- SPRINT Nozzles

# Global Reach

Our Quality Parts + Support Go Beyond Borders
